

## **Seatrium Reinforces Partnership With Royal Caribbean Group; Secures Major Projects For Cruise Repairs & Upgrades**

**Singapore, 19 March 2026** – Seatrium Limited (“**Seatrium**” or the “**Group**”) has entered into a new agreement with Royal Caribbean Group, reinforcing a longstanding strategic partnership since 2012 and underscoring the strong capabilities of Seatrium’s Repairs & Upgrades business as a leading provider of complex cruise ship retrofit solutions.

Under the new agreement, Royal Caribbean Group is expected to dock a significant number of cruise vessels for statutory inspections, repairs and upgrades at Seatrium’s facilities over the next several years, providing sustained workload visibility for the Group’s Singapore yards. The contract covers Royal Caribbean Group’s global fleet across its leading brands including Royal Caribbean, Celebrity Cruises, and Silversea Cruises.

Seatrium has commenced work on selected vessels under this strategic partnership. *Celebrity Solstice* completed its revitalisation works at Seatrium’s Tuas Boulevard Yard on 28 February 2026, *Ovation of the Seas* will begin its enhancement work in March 2026, while *Silver Cloud* is scheduled for drydock, repairs and upgrades later in the year.

Mr. Alvin Gan, Executive Vice President, Repairs & Upgrades, Seatrium, said, ***“This renewal underscores Royal Caribbean Group’s continued confidence in Seatrium’s strong track record – built over more than a decade of partnership – in delivering complex cruise ship projects with reliable execution, high quality and uncompromising safety. Our state-of-the-art Tuas Boulevard Yard, equipped with advanced dry docks and integrated digital workflows, further enhances our ability to support large-scale, fast turnaround projects. Partnering with world-class cruise ship operators like Royal Caribbean Group reinforces our market leadership that also supports Singapore’s position as a leading cruise hub. We remain committed to driving continuous improvement and shared value.”***

Mr. Brian Ostergaard Sorensen, Senior Vice President, Global Marine Operations, Royal Caribbean Group, said, ***“Seatrium has consistently demonstrated the engineering depth and operational discipline required for highly complex cruise ship drydock, upgrade and retrofit projects that are critical to our fleet. As a long-standing trusted partner, we look forward to continue to work closely together to achieve safe and timely project deliveries for our vessels.”***

Seatrium is Asia’s leader for cruise vessel repairs, upgrades, and conversions, with an extensive track record of more than 430 cruise vessels repaired since 1978. Leveraging proven expertise, deep engineering capabilities, and state-of-the-art facilities, Seatrium remains committed to supporting the cruise industry’s evolving needs through innovation, reliability, and excellence.
